Experience

House Manager/Personal Assistant / Private Home

September 2018 - PRESENT, New York City

Highly attentive house manager and personal assistant with strengths in communication and organizational skills. A master at managing a high volume of projects with ever changing priorities. Implementing processes and systems to provide consistency and standards across staff. An ability and willingness to produce quickly and accurately no matter the task. A knack for making complex problems clear and understandable for an owner who lacks technical knowledge.

Property and Hospitality Manager / Bahamas

September 2015 - July 2017, Bahamas

Island Manager with meticulous attention to detail, able to reduce monthly maintenance budget by 10% while still ensuring the same quality guest experience. Ensuring each guest interaction stays true to the "look" and the "feel" of the island's high-end luxury aesthetic. Management style that prioritizes teamwork, elevating and developing skills in the hospitality team and creating a team environment amongst all staff. Addressing complex problems with creative solutions when everything did not go as planned. Self-motivated quick learner, ensuring the guests had the best experience.
